Professional Summary

Passionate and results-driven Full-Stack Developer with experience in building scalable web applications using the MERN stack. Adept at creating intuitive user interfaces, developing RESTful APIs, and optimizing application performance. Enthusiastic about open-source contributions and continuously improving coding practices.

Technical Skills

- **Languages & Frameworks:** JavaScript (ES6+), React.js, Node.js, Express.js, HTML5, CSS3, Bootstrap
 - **Databases:** MongoDB, MySQL
 - **Tools & Platforms:** Git, GitHub, Postman, Vite, Webpack
 - **Other Skills:** Agile & Scrum, Component-Based Software Engineering (CBSE), RESTful APIs, JWT Authentication, CI/CD
-

Work Experience

Software Developer Intern

Rotary Club of Padstow | 2024 - 2025 (8 months)

- Assisted in developing and maintaining internal software applications to support club operations.
- Worked on front-end and back-end improvements for existing web-based systems.
- Collaborated with senior developers to optimize performance and resolve bugs.
- Gained hands-on experience in Agile development methodologies and version control.

Software Developer (Freelance & Open Source Contributions)

Self-Employed | Jan 2024 - Present

- Developed and deployed a React and MongoDB-based roster system, implementing JWT authentication and CRUD operations for managing shifts.
 - Built a personal portfolio website using Vite, React.js, and Tailwind CSS for showcasing projects and blogs.
 - Contributed to open-source projects, improving documentation and fixing bugs in MERN stack applications.
-

Projects

Roster Management System

React.js, Node.js, Express.js, MongoDB, JWT Authentication

- Designed and developed a roster system to manage employee shifts with secure login.
- Implemented RESTful APIs and MongoDB CRUD operations to handle user data efficiently.

Finance Tracker System

- Built a Finance Tracker System to help users track their expenses and income.
 - Integrated MongoDB for secure data storage and React for an interactive UI.
 - Implemented authentication and user management features.
-

Education

Certifications

- **Agile & Scrum Fundamentals**
 - **Full-stack Development Bootcamp – Dented Code Academy**
-

Additional Information

- **Passionate about mentoring and knowledge-sharing through blogs and tutorials**
- **Enthusiast in front-end UI/UX design and performance optimization**
